WHY CHOOSE US?

Independently owned and managed since 1990. Our Directors are passionate about what we do, are still actively engaged in the day to day operations and run the business with a flat hierarchical structure, resulting in business agility that our competitors will struggle to rival. This empowers our teams to be innovative, creating solutions for our clients as the market or their business changes.

We are confident in our service and bold in our approach. We're bigger than people think, with turnover of £64 million and a client portfolio that includes individual contracts requiring in excess of 2.5 million hours annually. Our growth has been solely organic and we have a proven ability to succeed in new locations.

Our lasting relationships with key clients are testament to our loyalty to our customers. The average length of client relationship is 12 years. It doesn't stop there, the average length of service of our management team exceeds 10 years, bucking the industry trend. 95% of our candidates recommend us.

Ethical in our approach, we take our responsibilities towards our candidates and clients seriously. We are transparent in everything we do and welcome clients to see for themselves how we operate responsible recruitment methods.

We hold the following:

- Gangmasters Licensing Authority (GLA) License
- Association of Labour Provider (ALP) Member
- Sedex Member
- Stronger Together Business Partner
- Recruitment and Employment Confederation (REC) Member

WE DONT LIKE TO BLOW OUR OWN TRUMPET

VALUED PARTNER

I would not hesitate to recommend Ambitions, they have been a valued partner and they have always been driven and determined not just to provide us a high volume of candidates, but the right candidates.

They have helped us source candidates in high volumes in what is a very challenging market and time but they have always been open and honest regarding the recruitment process which makes my role a lot easier and enjoyable.

Being in a fast-paced logistics environment requires support in an efficient, speedy and professional manner.

Ambitions have always been there when required and on many occasions at very short notice, always delivering. They've always catered for our needs and we've built a great working relationship together, which I look forward to continuing.
